## POET'S DREAM

Words & Music by BJ Chambers

I

All the words flow together  
Like rivers to the sea  
All Gods children play together  
The way it's meant to be  
Nobody packing to go off to war  
Nobody cheating his brother no more

Chorus

All in perfect rhyme together  
Oh, that's the poet's dream

II

All the words work together  
In perfect harmony  
To tell the tale of peace and love  
And what our world should be  
Nobody hungry, nobody cold  
Nobody bought and nobody sold

Chorus

All in perfect rhyme together  
Oh, that's the poet's dream

Bridge

*<Instrumental>* +  
All in perfect rhyme together  
Oh, that's the poet's dream

III

All the words fit together  
Each one has a part  
Every man, every woman  
In each one beats a heart  
Every heart beating in every soul  
Woven together to make up the whole

Chorus

All in perfect rhyme together  
Oh, that's the poet's dream
